

Advancing The Life of Special Need Children's With Digital Innovation

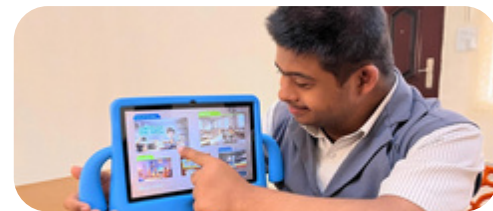

Together, we can transform learning and vocational readiness through technology-enabled solutions, paving the way for meaningful inclusion in mainstream society.

Give Every Child the Power to Learn

At Verge Foundation, we believe that every child deserves equal access to quality education — regardless of their abilities.

Today, many special schools still lack the tools needed to support children with diverse learning needs. Through digital transformation, we can bridge this gap.

To meet each child's unique learning needs, having an individual VergeTAB is essential. This teacher-controlled digital activity book without distractions, ensuring a safe and focused learning environment. Especially beneficial for children with attendance challenges, it also fosters the development of life and vocational skills — empowering children with disabilities to build confidence and independence.

OUR MISSION

Academic Learning:
Simplified, interactive lessons for easy understanding.

Life Skill Training:
Builds independence and daily functional abilities.

Inclusive Readiness:
Prepares children for social participation and confidence in group settings.

Vocational Empowerment:
Develops foundational skills for future employment and independent living.

CONTRIBUTE TO US

EVERY SMALL CONTRIBUTION MAKES A BIG DIFFERENCE

Your generosity can open doors for hundreds of special need children.

1 Child

₹35,000

5 Children

₹1,75,000

10 Children

₹3,50,000

20 Children

₹7,00,000

Each Digital Activity Book costs ₹35,000, and Verge Foundation will ensure 3 years of subscription and service maintenance, enabling every child to receive maximum benefit from its use.

FOR SPONSORS SUPPORTING 10+ CHILDREN

Every Sponsor Will Receive:

SPONSOR LOGIN (OPTIONAL): TRACK DEVICE USAGE AND CHILD PROGRESS

ANNUAL IMPACT REPORT: SEE HOW YOUR CONTRIBUTION IS TRANSFORMING LIVES

CHOOSE A SCHOOL (OPTIONAL): SUPPORT YOUR LOCAL SPECIAL SCHOOL'S DIGITAL JOURNEY

BE A PART OF THE CHANGE

Your contribution can help:

✓ Involvement of a multidisciplinary rehabilitation approach, including speech therapists, occupational therapists, child psychologists, physiotherapists, and special educators, to ensure holistic support for every child.

✓ Empowering parents, caregivers, and family members to actively support and enhance each child's development journey.

✓ Improve learning outcomes for children and enable independent living.
